“Sorority Sister”

A sorority sweat suit set is a great way to support your sorority and look good in the gym or on your way to class. This outfit uses the machine built-in Greek lettering.

Skill Level: Beginner-Intermediate

Created by: Diane Aholt, Baby Lock Education

Supplies:

- Baby Lock Enterprise Embroidery Machine (BNT10)
- Tote Bag and Purse hoop (optional) (EMP6-300)
- Baby Lock No Show Fusible Mesh Stabilizer (BLC304 or BLC306)
- Baby Lock Hydro Melt Topping (BLS400)
- Purchased Sweat pants, jacket and T shirt
- Madeira® embroidery thread
- Temporary spray adhesive: KK2000

Instructions:

1. The lettering for this project uses the built-in Greek alphabet on the Enterprise.
2. Click on the Greek alphabet tab. . This opens up the screen for all the available Greek letters.
3. Select delta . Click on the Set tab  in the lower right corner.
4. Click on the Size tab . This offers additional options. Choose and enlarge to its largest size.
5. Press Close.
6. Click on the Add tab .
7. Open the Greek lettering tab by selecting .
8. Select alpha  then .
9. Click on the Size tab . Choose  and enlarge to its largest size.
10. Use the arrow keys to position  and move to the left. Select Close.
11. Click on the Add tab .
12. Open the Greek lettering tab by selecting . Scroll to page 2.
13. Select pi  then .
14. Click on the Size tab . Choose  and enlarge to its largest size.
15. Use the arrows to position  and move to the right. Select Close.
16. Use the Select Tab and space the letters so the entire design fits in the desired hoop.
17. Click on Close, then End Edit and Sewing.
18. Thread machine with desired colors.
19. Draw a design placement line with a fabric marker.
20. Fuse the No Show Fusible Mesh Stabilizer to the wrong side of the garment. Hoop the garment. Lightly spray the Hydro Melt topping with a temporary spray adhesive and lay on top.

21. Embroider the design. Remove from hoop.
22. Remove the topping and trim the No Show Mesh close to the stitching.
- 23.

- Tip: If it is difficult to hoop the item because of the seams, try using the W frame.
- Tip: If embroidering on a light colored t-shirt, use the beige No Show mesh.
- Tip: The lettering for the t-shirt is a little smaller than the pants and jacket.
- Adjust as necessary.
