

“Embellished Wool Pincushion Ornament”

This quick and easy ornament can be constructed without a single stitch by using the Baby Lock Embellisher.

Skill Level: Beginner

Supplies:

Baby Lock Embellisher

9" x 12" piece of ivory felted wool or wool felt

1 ½" x 4" remnant of green wool or wool felt

4" of 1/16" wide metallic gold ribbon (Usually found with cross stitch supplies)

Decorative thread or small ribbon in burgundy

Small handful of stuffing

Gold tassel

½" Gold bead with large eye

Tweezers

Hand needle to fit through bead.

Scissors

Instructions:

1. Cut two 3 7/8" circles from the ivory wool. Set one aside for now.
2. Cut two holly leaves from the green wool.
3. Remove the four outer needles from the embellisher, leaving three needles in a straight line.
4. Position one of the leaves in the center of the circle. Place the gold ribbon along the center of the leaf and embellish along the ribbon, attaching the leaf and the ribbon to the ivory circle.
5. Repeat this process for the other leaf.
6. Replace the needles removed earlier.
7. Hold the decorative burgundy thread with the tweezers and wrap the thread around the tip of the tweezers. Slide the coiled thread off the tip of the tweezers and embellish in place at the top of the leaves to form the berries. Repeat this two more times creating three berries.
8. Slide the bead onto the hanger loop of the tassel. Tie burgundy decorative thread onto the tassel hanger loop so the distance from the top of the loop to the bead is approximately 6".
9. Place the front ivory circle to the back Ivory circle and embellish along the edge as shown. (Figure 1)
10. Lay the loop of the tassel in between the ivory layers and add stuffing.
11. Embellish the rest of the way around the outer edge. (Figure 2)
