

Baby Lock BL9 Foot Kit

Fits Model: BL9

Button Sewing Foot

Attach 2 or 4-hole buttons to garments and other projects with your machine. This convenient foot holds buttons to fabric with a sturdy zigzag stitch. This foot is perfect for buttons that can lie flat without much thread shank.

Open Toe Foot

The open width and clear plastic of this foot make it perfect for projects that require visibility and stability, such as appliqué surface embellishments, and stitching around intricate areas with decorative stitches. It even has a larger groove on the underside to accommodate thicker stitches and decorative threads.

Satin Stitch Foot

A must-have foot for anyone who desires to sew with satin and decorative stitches or decorative threads. The cutout on the underside of the clear foot is designed to accommodate dense stitch formation and prevents stitches from bunching.

Zipper Foot

This is the best sewing foot for inserting zippers, snap tape, and more. The toe of the foot is narrow for more visibility and precision. Adjust the needle to either the right or left to sew both sides of your zipper easily. You can also use it to attach piping or decorative cording.
