- Choose Color, the whole word changes
- Touch OK
- Select Multi Color > Color Selection
- Touch "A" and change to grey
- Select "S" and change to orange
- Keep changing colors of elements with phrase to create desired look
- OK > Embroidery
- Layout > Color Sort

Using the Needle +/- (Advancement) Icon, you can move past the portions of the design you don't want to stitch. Color sort has made each of the color blocks stack together so you can easily skip portions of the design and eliminate stops for thread changes.
