

# Sew at Home

## OnDemand Classes

Education by Baby Lock & Designer's Gallery

### Accessories for the Baby Lock Regalia

#### Koala SewComfort Chair

Commercial grade fabric in four color options: Jade, Mocha, Wine and Sapphire. Wood base is available in 8 finishes to match your cabinet or decor. Easily adjusts to work with any height studio. The Koala SewComfort Chair includes a handy foot rest. If you remove the batting and quilt top rails, you can use the Koala chair at its highest setting to quilt sitting down at your frame. Float the quilt top using Quilt Clips shown on page 5 of this document

#### Couching Feet

##### **BLQ-CCF**

Couching is a decorative threadwork technique in which threads, yarns, or other fibers are laid across the quilt and fastened in place by the machine's quilting thread. The three sizes of couching feet in this kit enable you to couch a wide variety of threads, yarns, ribbons, and other fibers to add a special touch to your quilts.

#### Glide Foot

##### **BLQ-GF**

The Glide foot is a clear bowl shaped foot. The Glide foot makes it easier to quilt around raised areas on your quilt top. If you have raised embroidery details or couched laces and trims, this is the ideal foot for quilting around those details. (Note that hard elements like jewels, beads and studs should be added *after* the quilting is done!) The Glide foot is also less likely to catch under the edge of the quilt top if you are stitching pantograph patterns that extend into the batting at the edges of the quilt.

#### Love of Sewing

The Love of Sewing Membership will help you get the most out of your Baby Lock Crown Jewel III. Enjoy four years of unlimited access to sewing tutorials, comprehensive service and unique savings opportunities.

## **Channel Lock**

### **BLJ18-CL**

The channel lock attaches onto the front wheel of the Jewel machine to enable the machine to make a continuous straight horizontal line. The purpose for the channel lock is to allow for easy stitching of horizontal straight lines across your quilt

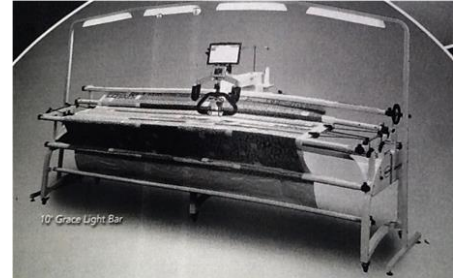

## **Luminess Light Station**

**GC01-11130 5 Foot**

**GC01-11128 10 Foot**

**GC01-11129 2 Foot Extension**

Light up your sewing life with a Luminess Light Station. This bright LED light bar is the perfect addition to your Baby Lock Tiara. It is easy to put together and comes in two standard sizes - 5 foot or 10 foot.

## **Horizontal Spool Pin**

### **BLJ18-HS**

This optional Horizontal Spool Pin is available for use with metallic and specialty threads wound on a spool (not a cone). The Horizontal Spool Pin can also be used on the new white bobbin winder for the Crown Jewel or the Tiara.

## **Regalia Rear Handlebars, Display and Laser Stylus Set**

### **BLRG20-RHK**

The Rear Handlebar set allows you to quilt from the back of the Regalia. If you plan to work with paper pantographs and the laser stylus, then you will want the Rear Handlebar set. The rear handlebars can also be used for quilting with groovy boards and a stylus.

## **Ruler Base for Regalia**

### **BLRG20-RB**

Use this accessory to extend the base of your machine for use with rulers, guides and templates.

## **1/2" Line Tamer Template**

### **FRP903**

Use this ruler for stitch in the ditch or for perfect cross-hatch quilting. Place the ruler around the hopper foot and sew in the channel, or use the edge of the foot. Straight lines and 45° lines etched on the ruler allow you to line up with the seams of your patchwork. Use TrueGrips (shown below) on the back of the ruler to keep the ruler from slipping.

## **Rulers**

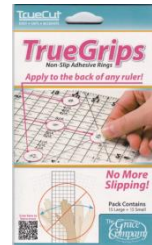

Long arm rulers are 1/4" thick so they are the same height as the hopper foot. This allows you to quilt next to a ruler for really precise quilting lines. Long arm rulers are available in a variety of shapes and sizes to allow you to create unlimited quilting patterns.

QR-RT1	Rope Tool	1/4" thick clear acrylic, Small 1 1/2" and 3" rope
QR-OVAL2	Nested Ovals	1/4" thick, sizes from 1" x 5" to 4" x 6"
QR-OVALS5	Nested Ovals	1/4" thick, sizes from 1 1/2" to 5 1/2"
QR-CT2	Nested Circles	1/4" thick rings, 11 templates from 1" to 12"
QR-MSLT	Mini Straight Line Tool	1/4" thick
MQT-MN06	4 in 1 Mini Tool	1/4" thick

## **TrueGrips**

### **GCTG**

TrueGrips are non-slip adhesive rings that can be attached to the back of any ruler. The rings are designed to keep the ruler from slipping. They can be used on your rotary cutting rulers, and they are also wonderful on your long arm quilting rulers. The package contains 15 large and 15 small adhesive rings. This is a simple product that will give you instant improvement in your ruler quilting.

## **Baby Lock Quilt Leaders**

### **BLQL**

Hemmed cloth leaders with the soft Velcro already stitched to them. Leaders are 9 1/2 feet long. All leaders are the same width for easy installation. No need to remember which width leader goes on which rail!

## **Quilt Clips**

### **QUILTCLIPS**

If you prefer to "float" your quilt top, or if you work frequently with small projects like wall hangings, you will love the ease of Quilt Clips. Using Quilt Clips eliminates the need to pin the quilt top to a leader.

Each package contains four Quilt Clips and each Quilt Clip is 24 inches long.

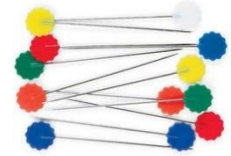

## **Flower Head Pins**

These 2 inch long pins with flat heads are ideal for pinning the layers of your quilt to the leaders on the frame.

(FHP2) package of 100 pins

(FFP135) package of 50 pins

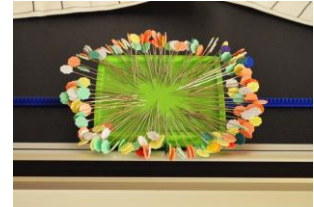

## **Zirkel Magnetic Pin Organizer**

When a pin is dropped on the Zirkel, it falls with the heads pointing off the edge and the points toward the center of the Zirkel. So, it is easy to grab the pins you need. And the magnetic Zirkel sticks to your steel quilt frame

(ZIRKELLIME) lime green

(ZIRKELTEAL) teal

(ZIRKELPUR) purple

## **Needles**

The Crown Jewel, Jewel and Tiara use Groz Beckert round shank 135 x 7 needles. These needles are sold in packages of 10 needles. Correct needle size is based on the thread being used. A chart showing needle size based on thread is in the Instruction Manual

Jewel manual – page 10

Crown Jewel manual – page 12

Crown Jewel II manual – page 12

Crown Jewel III manual – page 18

Tiara manual - page 15

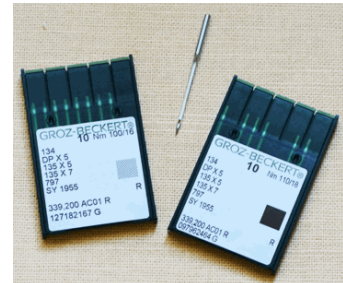

**Size 12 Pack of 10 Groz-Beckert (134FG-80)**

**Size 14 Pack of 10 Groz-Beckert (134FG-90)**

**Size 16 Pack of 10 Groz-Beckert (134FG-100)**

**Size 18 Pack of 10 Groz-Beckert (134FG-110)**

**Size 20 Pack of 10 Groz-Beckert (134FG-125)**

## **Bobbins – M Class**

### **BLJ-BOB**

Sold in packs of 3

Metal bobbins for the Baby Lock Crown Jewel, Jewel and Tiara

## **Pre-wound Bobbins**

### **M Style Pre-Wound SuperBob (M12-Color#)**

215 yards 60wt

Box of 12

36 colors available

### **Signature Style M Pre-wound (S46-Color#)**

91 yards Signature cotton quilting thread

Box of 33 bobbins

36 colors available

Box of 33 bobbins is designed to provide the perfect amount of bobbin thread to use with one 3000yd cone of Signature cotton quilting thread

## **Casters**

### **BLQ-CASTER**

Set of two casters

These are 50mm locking Casters. Use two sets for a five foot frame, three sets for a ten foot frame and four sets for a twelve foot frame.

## **Evolution needle threader (B8490S01A)**

Longarm quilting machines do not have built-in needle threading, but this needle threader will do the job.

## **Spiral Eye Needles (SEN3)**

Spiral eye hand sewing needles can be used to bury thread tails in the batting of a quilt. The spiral eye needle is a self-threading needle with an opening on the side of the eye which makes it easy to thread the needle even with very short thread tails. And the bump in the eye of the needle allows it to stay threaded.

## **Quilt Pounce**

### **QP**

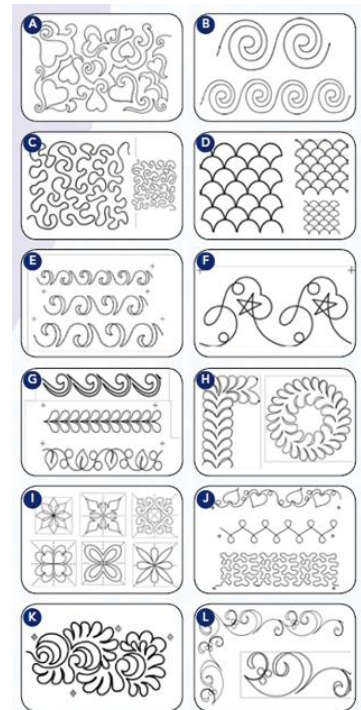

Fill the Quilt Pounce with powdered chalk and rub it across a quilt stencil to mark the quilting lines on your quilt top. An easy tip to share with your customers: if the quilt top is damp, the chalk will not bounce and create blurred lines as you quilt. Use a fine mist from a spray bottle or rub a damp cloth over the quilt top before using the Quilt Pounce and stencil. Works for both hand and machine quilting

## Stencils

Quilt stencils are used with the Quilt Pounce to transfer quilting lines to the quilt top. These stencils are a nylon mesh that is open only on the lines of the design, so the chalk powder is transferred only along the design lines. Give your customers an easier way to quilt fun motifs.

A. FLS30466	Sweethearts
B. FLS30480	Spiral Border
C. FLS30562	Stipple Meander, 2X
D. FLS30566	Clamshells, 3X
E. FLS30640	Swirl Border Sashing, 3X
F. FLS30652	Shooting Star Border
G. FLS30669	Border Assortment, 3X
H. FLS30673	Feather Wreath
I. FLS30692	Score of Four
J. FLS40021	New Joy Border
Assortment, 3X	
K. FLS50003	Interlocking El Dorado
L. FLS60000	Along the Way Swirl Border

# Aeroquilt

## Premium Polyester Longarm Quilting Thread

This premium longarm quilting thread is core-spun with 100% polyester filaments covered by polyester fibers. This process gives the thread strength to withstand the speed of longarm quilting machines. The matte, cotton-like finish feels soft and supple.

- 40-weight core spun 100% polyester
- Soft, cotton-like finish
- 3,000 yards per cone
- Available in 48 colors, 36 solid and 12 variegated
- Tested for quality and consistency
- Withstands speed of longarm machines
- Made with German precision and environmentally friendly production methods
