Meridian 2

Embroidery Machine

Unleash your inner artist! The Baby Lock Meridian 2 embroidery machine will inspire you to unlock your artistry and creative possibilities. It features a myriad of stitch options to customize your design and IQ Technology® that allows you to wirelessly transfer images to your machine from your smart device using the IQ Intuition Positioning® App for perfect design placement in the hoop or design creation in IQ Designer.

Meridian 2

Embroidery Machine

IQ Intuition Positioning®

This innovative app allows you to take a photo of your fabric in a special hoop and wirelessly transfer it to your machine. The image will display onscreen in lifelike color and high resolution, allowing you to position your design exactly where you want it, how you want it, every time.

IQ Designer

Create your own designs with ease! You can draw on the screen, scan your favorite artwork, upload an existing file using a USB drive, or wirelessly send artwork to your machine. Your art will instantly convert for embroidery!

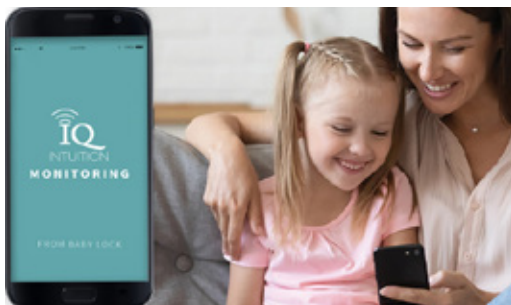

2-Point Positioning

Use the 2-point positioning function, with needle beam, to preview the position of your embroidery design, then adjust the position and angle for precise alignment.

Needle Beam

Know exactly where your needle will drop every time with a brilliant LED pointer on the included embroidery foot.

IQ Intuition Monitoring® App

Keep track of your project's progress with this convenient feature that alerts your phone for a bobbin change, a thread break, a thread color change, and when stitching is finished.

Quilting Around an Embroidery Pattern

Add stippling, echo quilting, or any of the 30 Decorative Fill patterns from IQ Designer around a selected design. Line spacing, distance, and frame size are easily adjustable.

Convenience Features

- 11¼" workspace to the right of the needle
- Quick-Set top-loading bobbin with sensor
- Quick-Set independent bobbin winding system with variable speed
- Automatic thread cutter with on/off capability
- Auto presser foot lift
