

Fabric Support System

The Fabric Support System keeps stitches flat and balanced, no matter what speed, fabric or stitch you choose. The built-in stitch fingers actually move with the knife blade, adjusting the seam consecutively with the cutting width.

Vertical Needle Penetration

While most machines use slanted needles that push and damage fabric, Baby Lock’s needles are set vertically and sew directly up and down. This exclusive feature protects your fabric and prevents needle deflection.

Chain/Cover Tension Disks

Baby Lock revolutionized the cover stitch with the Ovation — functions include chain, cover, and triple cover stitches. All three cover needles are controlled by one tension dial, so you can save time with one simple adjustment.

8/7/6 Thread Stitch Capacity

With eight threads, the Ovation gives you 87 stitch combinations. Plus, you can combine overlocking and cover stitching in the same operation.

Cover Stitch Chaining Off

Baby Lock has made cover stitching easy to start or stop by automatically chaining off the cover stitch. What’s more, the Ovation sews through heavier fabrics better than most cover stitch machines.

Thread Delivery Unit for the Wave Stitch

For a stitch as unique as the Wave Stitch, Baby Lock wanted to ensure that each wave would be even with the next. To do so, they created a thread delivery unit to give each one a flawless look.

Technology Features

- ExtraordinAir™ Threading
- Automatic Thread Delivery™ System
- Pure Lighting with 6 LED lights
- Wide workspace of 5" to right of needle and 3" tall
- Full-Featured Differential Feed - 2 to 1 ratio - gathering - 3 to 4 ratio - stretching
- Knee lift
- Variable sewing speed control

Advanced Serging Features

- Exclusive Wave Stitch and Reverse Wave Stitch for additional stitch options
- Serging options from 2 to 8 threads
- Chain/cover stitch functions include single, double and triple cover stitch
- Overlock stitch functions to seam and encase fabric edges
- Flatlock stitch functions for seaming or decorative effects
- Advanced cutting system handles thick fabrics with ease
- Automatic rolled hem stitch functions create a professional finish
- Dial adjustable stitch width: 1.5mm - 7.5mm, up to 16mm wide on expressive stitches
- Dial adjustable stitch length: 0.75mm - 4mm
- Dial adjustable built-in rolled hem
- Bypass port for special thread
- Up to 1,500 stitches per minute
- Adjustable presser foot pressure dial

Convenience Features

- Built-in thread cutter
- Electronic foot control and separate power cord
- Presser foot lever in front for easy access
- Snap-on, multi-purpose presser foot
- Built-in larger accessory storage
- Built-in ribbon/tape guides
- Easy full-color threading chart
- Color-coded single antennae with thread guides
- Wide sewing table for chain/cover stitching
- Needle drop tray with magnet
- Needle clamp safety plate prevents lost needle screws
- Safety switch on front door cover
- Power cord manager on machine base

Other

- Household Needle System - ELx705 - ELx705CF
- Warranty (25 yrs. limited, 10 yrs. parts, 5 yrs. electrical, 1 yr. labor)

Presenting the Ovation Serger

Many moments in life are worthy of applause. From your daughter’s first ballet costume to her wedding veil, you need a machine that does much more than finishes edges and creates seams. The Baby Lock Ovation eight-thread serger gives you more room for creative techniques—five inches to the right of the needle. Plus, you get 87 stitch combinations including the Baby Lock Exclusive Wave Stitch. The Baby Lock Ovation is convenient to use, too. Thread all three loopers with the push of a button, and never worry about tensions. So next time you create for one of life’s unforgettable moments, remember it’s time for your Ovation.

For The Love of Sewing

Key Features

Largest Throat Space — 5” to Right of Needle
Easily serge large projects with room to spare. You’ll love adding decorative stitching to yards and yards of fabric.

ExtraordinAir™ Threading
Thread your loopers all at once with the push of a button. A quick gust of air gets your thread through each looper with minimal effort.

Automatic Thread Delivery (ATD)
Never worry about tension adjustments again. Enjoy perfectly balanced stitches regardless of the type of fabric you’re using. And, ATD lets you thread your loopers in any order.

2 to 8 Thread Serging
The Ovation gives you 87 stitch combinations to explore creative serging. From the tiniest rolled hem to the exclusive Wave Stitch, you’ll have many stitch options for every project.

Pure Lighting – 6 LED Lights
Clearly see every stitch, fabric and thread color under six bright LED lights.

Variable Speed Control
Always stitch at a comfortable pace for the utmost precision.

Knee Lift
Keep your hands free for more precision as you serge.

Convenient Presser Foot Lever
An easy-access presser foot lever in the front of the machine lets you quickly make adjustments.

The Ovation features these 13 serger patents:

ExtraordinAir™ Threading
With just a gust of air, ExtraordinAir takes thread through all loopers instantly. Threading has never been this fast, easy or extraordinary.

Automatic Thread Delivery System
Set the Ovation to the type of stitch you want and serge. The Ovation will deliver a balanced stitch on any fabric with any type of thread. It even goes from one fabric type to another without skipping. And you can thread in any order.

Tubular Loopers
Imagine no exposed thread and no thread guides. Your thread remains protected and tangle-free.

Looper Drive System
This exclusive Looper Drive System prevents loopers from becoming misaligned or out of time, reducing the possibility of major looper damage. This protects your machine from needing repairs, allowing you to serge worry free!

Advanced Knife Driving & One-Way Clutch System
Baby Lock created a knife system with a larger cutting bite that allows thicker fabrics to be cut with ease and increased visibility.

Differential Feed
Baby Lock took the differential feed mechanism to a new level by adding a single unit feed dog mechanism. This ensures stronger feeding as well as more consistent gathering on all fabrics.

Automatic Rolled Hem
Stitch length can be easily adjusted on a Baby Lock serger using one dial. This dial includes an Automatic Rolled Hem setting that will retract the built-in stitch width finger for a rolled hem finish.
