

# imagine

## Serger

Can you imagine how easy serging would be if you didn't have to thread the machine? Look no further than the Imagine -- Baby Lock's most popular serger. This advanced home serger includes Jet-Air Threading™, which threads the lower loopers with the touch of a lever and Automatic Thread Delivery™ to thread in any order.

Jet-Air Threading™

Built-in Needle Threader

4/3/2

Thread Serging

No Tension Adjustments

Full-Featured Differential Feed

Imagine a  
Sergers With  
Loopers That  
Are Easy to Thread!

---

The Imagine features these 10 serger patents

#### **Jet-Air Threading™**

With just the touch of a lever, thread is sent through the tubular loopers. There are no thread guides, no struggling and there's plenty of time to serge away!

#### **Automatic Thread Delivery System™**

Set the Imagine to the type of stitch you want and get started! The Imagine delivers a balanced stitch on any fabric with any type of thread.

### **Tubular Loopers**

There's no exposed thread, no thread guides and you can thread in any order! Tubular loopers eliminate threading mistakes and protect the thread for more serging freedom.

### **Looper Drive System**

This exclusive system prevents loopers from becoming misaligned or out of time, reducing the possibility of major damage for worry-free serging.

### **Advanced Knife Driving and One-Way Clutch System**

Baby Lock has created a knife system with a larger cutting bite that cuts thicker fabric with ease and increased visibility.

### **Full Featured Single-Unit Differential Feed**

We've taken the differential feed to a new level by adding a single-unit feed dog mechanism. This ensures stronger feeding as well as consistent gathering on all fabrics.

### **Dial Adjustable Stitch Length and Automatic Rolled Hem**

Stitch length can be easily adjusted on a Baby Lock serger using one dial. This dial includes an Automatic Rolled Hem setting that will retract the built-in stitch width finger for a rolled hem finish.

### **Fabric Support System**

Baby Lock's Jet-Air sergers include a Fabric Support System to keep stitches flat and balanced, no matter what speed, fabric or stitch you choose. The built-in stitch fingers actually move with the knife blade, adjusting the seam consecutively with the cutting width.

### **Vertical Needle Penetration**

While most machines use slanted needles that push and damage fabric, the Imagine's needles are set vertically and sew directly up and down, protecting your fabric and preventing needle deflection.

### **Needle Threading System**

This system locks the needle threader in place for quick and easy threading with just the touch of a lever.

# Imagine Included Accessories

- Quick reference threading guide
- Foot Control
- Lint brush/needle insert tool
- Two Needle clamp screw
- Package of assorted sized needles
- Medium screwdriver
- Tweezers
- Upper cutting blade for replacement
- Looper threading tool
- Screwdriver
- Machine soft cover
- Mounting bolt with washer (U.S.A. only)
- Four Thread nets
- Four Spool caps
- Four Sponge disks
- Allen wrench
- Four Cone holders

# Features and Specifications

## Technology Features

- Instant Jet-Air Threading™
- Automatic Thread Delivery System
- Full-Featured Differential Feed:
  - 2 to 1 Ratio – gathering
  - 3 to 4 Ratio – stretching
- 4/3/2 Thread serging
- Exclusive Fabric Support System
- Vertical Needle Penetration

## Convenience Features

- Built-in needle threading system
- Electronic foot control
- Snap on multi-purpose presser foot
- Built-in LED light
- Built-in ribbon/tape guide
- Carry handle
- Built-in accessory storage

## Advanced Serging Features

- Rolled hemming with 2 or 3 threads
- Flatlock stitching with 2 or 3 threads
- Dial adjustable stitch width: 1.5-7.5mm
- Dial adjustable stitch length: 0.75-4mm
- Dial adjustable built-in rolled hem
- Heavy-duty cutting system
- Side thread cutter
- 1500 stitches per minute
- Presser foot pressure adjustment
