

SOFTWARE ADVENTURES

What's an Adventure from Baby Lock? It's a virtual learning opportunity that's shorter in duration than our very popular Getaways but just as information packed and taught by the experts at Baby Lock!

PALETTE ADVENTURE

New for 2022! Join us for our 2-day Palette Adventures. All classes are held virtually from 1:00pm-4:00pm CST.

Cost of the class is \$200

INSTRUCTORS:

Mike J.

Michelle A.

Karen P.

BEGINNER DIGITIZING

Once you've got the basics of digitizing down with Palette software, what's next? This is our invitation to you to spend time with Michelle Ahrens, National Training & Education Specialist for Baby Lock and also the moderator for our Palette Facebook Community, digitizing a project from beginning to end. This two-day Palette Adventure will take you step-by-step from artwork to final test stitch in the digitizing process. You will learn how to apply the various tools and settings in Palette to achieve success with ease and create a finalized embroidery design that you will be proud to show off!

APRIL 6 - 7

CREATING QUILTS BLOCK BY BLOCK

Learn from one of the best in Baby Lock Education, Karen Parker! Karen is a master digitizer and winner of the prestigious John Deere award in 2018. She'll be your guide as you learn how to master your Palette Software to create stunning, yet easy to create, quilt projects one block at a time. By using the foundation of information you learned in the Palette Getaway, you will be amazed at how easy it is to create in-the-hoop pieced quilt blocks that will then be combined together to create one of a kind quilts. Karen will show you her easy-to-follow joining techniques and will even teach you how to create continuous line patterns for quilting your blocks as you go. This is a "must have" class for anyone who wants to learn how to combine quilting and digitizing with show stopping results!

MAY 4 - 5

DIGITIZING LOGOS

Digitizing a logo, which is one of our most requested items, can be a breeze if you have the right tools and follow the right process. Join National Training and Education Specialist, Mike Johns as he walks you through the process of digitizing logos from beginning to end. You will learn what tools work best in different situations, learn how to break apart a logo design to determine the best approach for digitizing and what to look for in your test stitching and final product. This class is a perfect way to start putting all the you learned in the Getaway to use!

JUNE 22 - 23

IN-THE-HOOP PROJECTS

Creating an In-The-Hoop project can be a challenge, but once you learn a couple of basic steps you will be creating incredible projects that are fun and easy to stitch out. Join National Training and Education Specialist, Mike Johns for this fun and creative class where you will first learn the fundamentals of digitizing in-the-hoop designs on a simple zipper bag project and then learn how to adapt those skills to create a more involved and detailed in-the-hoop designs. You quickly see why in-the-hoop projects are so addictive!

JULY 27 - 28

DIGITIZING EDGE-TO-EDGE QUILTING DESIGNS IN PALETTE

Have you ever wanted to create your own edge-to-edge designs that could then be used on your flatbed embroidery machines to quilt your projects? Join Baby Lock Educator, Karen Parker as she takes you step-by-step through the process. During this Adventure you will not only learn how to create and digitize your own edge-to-edge designs, but Karen will also teach you how to mark and hoop your quilts for success every single time! This is the ultimate class in how to customize your quilts to make them one-of-a-kind masterpieces!

SEPTEMBER 28 - 29

CREATING APPLIQUES

Do you love to embroidery Appliques? How much fun would it be to actually create your own appliqués? Join National Training and Education Specialist, Mike Johns as he shows you how fun it can be to design and create your own single appliqué and multilayer appliqués with ease. This is a great way to add texture and personality to any design while also continuing to build your knowledge on the various tools in Palette software. Mike will show you multiple ways to create appliqués and teach you how to adjust sewing attributes to achieve that perfect appliqué look!

OCTOBER 5 - 6

WORKING IN FONT CREATOR

Join National Training and Education Specialist, Michelle Ahrens for this deep dive into the incredibly powerful tool that is Font Creator. In this Adventure you will learn all there is to know about this really useful program that is part of the Palette family of programs, including how to create your very own fonts from beginning to end and how to apply them to your digitized creations in Layout and Editing. Michelle will also do a more thorough training on how to use Font Creator to import, edit and manage your purchased fonts so that they can be used as key-stroke fonts in Layout and Editing. Knowing how to create and map your own fonts (or maybe just a individual letter or two) will help you create unique and personalized embroidery projects with ease!

OCTOBER 26 - 27
