with Baby Lock

Pro-Stitcher Lite Simple Runner

Need a quick gift that is simple and uses up your leftovers? This table runner is just the right project. The project was quilted with the Baby Lock Gallant or Coronet with Pro-Stitcher Lite. All seams are stitched with $\frac{1}{4}$ " seams and pressed to one side.

Supplies:

- Center – 2 leftover quilt squares
- Borders – $\frac{1}{4}$ yard of fabric
- Backing - $\frac{3}{4}$ yard
- Binding - $\frac{1}{2}$ yard
- Batting – Craft or crib size

Instructions:

1. If you have a couple leftover quilt square and your not sure what to do with them this project is just for you. No quilt squares made then pick your favorite block and make 2 squares. These squares become the center of the runner. For a longer runner use 3 or more squares.
2. Stitch long side borders – $1 \frac{1}{2}$ " strips to each side.
 - a. Press with seams towards center.
 - b. Stitch border to the short sides of the center
 - c. Press the seams out from center
3. Attach backing to frame lengthwise left to right.
 - a. Place the batting on the backing and stitch in place using horizontal channel locks for a straight line.
 - b. Place the runner on the backing and batting centering.
 - c. Using horizontal or vertical channel lock secure in place with a baste stitch or regular stitch length.
