Victory

4-Thread Serger

Jet-Air™ Threading

With just the touch of a lever, thread is sent through the tubular loopers. There are no thread guides, no struggling and there's plenty of time to serge away.

Automatic Thread Delivery™ System

Set the Victory to the type of stitch you want and get started! The Victory delivers a balanced stitch on any fabric with any type of thread.

Needle Threading System

Hold the needle threader in place for quick and easy threading with just the touch of a lever.

Adjustable Presser Foot Height up to 6mm

Victory features a higher presser foot height to effortlessly handle thicker and loftier fabric.

Advanced Knife Driving and One-Way Clutch System

Baby Lock has created a knife system with a larger cutting bite that cuts thicker fabric with ease and increased visibility.

Full Featured Single Unit Differential Feed

We've taken the differential feed to a new level by adding a single-unit feed dog mechanism. This ensures stronger feeding as well as consistent gathering on all fabrics.
